

Fengquan Cai

Macau, China

2240010133@student.must.edu.mo

EDUCATION

Bachelor's Degree in Engineering, Medical Information Engineering.

Sept 2018-June 2022

Guangzhou University of Chinese Medicine, Guangzhou, Guangdong, China

Master of Science (Information Technology).

Sept 2024-Aug 2026 (Expected)

Macau University of Science and Technology, Macau, China

RESEARCH EXPERIENCE

Student Researcher

2019-2022

Chinese Traditional Medical Intelligence Lab, School of Medical Information Engineering, Guangzhou University of Chinese Medicine

- Exploring cutting-edge technologies in Natural Language Processing (NLP), Medical AI, Large Language Model(LLM) and Graph Process
- Studying and employing NLP techniques to enhance medical NLP programs.

Research Intern(Student)

2021-2022

Big Data Research Team, Guangdong Hospital of Traditional Chinese Medicine

- Assisting to Mr.Heng Weng(Senior Engineer from Big Data Research Team, my cadet tutor) in primary and secondary source research about medical AI, NLP and LLM.
- Contributing to the enhancement and evaluation of the Intelligent Clinic Service Platform developed by the Big Data Research Team, which encompassed medical data processing (text and image), automated analysis, and clinical functions.
- Conducting preprocessing and analyzing of textual medical data with the Intelligent Clinic Service Platform and other frameworks

PUBLICATIONS

- **Cai, F., & Ye, H.** (2022, August). Chinese Medical Text Classification with RoBERTa. In *International Symposium on Biomedical and Computational Biology* (pp. 223-236). Cham: Springer International Publishing.
- **Cai, F., Cao, D., & Ye, H.** (2023, December). Graph Representation of Chinese EMRs and its Short-text Classification Application. In *2023 IEEE International Conference on Bioinformatics and Biomedicine (BIBM)* (pp. 4513-4519). IEEE.

CONFERENCE PRESENTATION

2022 2nd International Symposium on Biomedical Engineering and Computational Biology(BECB 2022), August 2022.(online presentation)

HONORS & AWARDS

Excellent Graduate Thesis of College

June 2022
